An accurate expected graduation term ensures that you receive appropriate advising and communications related to graduation and commencement.

### Follow these steps to view and, if applicable, request an update:

1. Log into [OPUS](#) and navigate to the **Academic Progress** tile.

2. On the left Navigation Bar, click **Expected Graduation Term**.

3. Emory College policy states that students must complete their degree within **eight regular, full-time Fall and Spring semesters** ([Academic Standing policy](#)). Students may not be approved to extend their time to graduation based on late changes to their academic program.

- Students seeking a **ninth semester** of enrollment should request approval through [this form](#).
- Students seeking to move their graduation to an **earlier semester** can request the update through [this form](#).
