

MAYMESTER Study Away

EXPERIENTIAL 3-WEEK COURSE

ENVS 375/BIOLOG 375: Tropical Marine Ecosystems

MAY 13 - MAY 30

COURSE DESCRIPTION

This course will explore coastal and near-shore tropical marine ecosystems, including mangroves and coral reefs. Readings will review key concepts of marine ecology with a focus on local ecosystems.

Study Away Component

Includes synchronous online learning. Travel to Florida Keys for field excursions to local sites will provide opportunities to learn from researchers and managers. Ability to pass a swim test (or meet with faculty for accommodations) is required.

Note: Departmental funding may be available for Biology and Environmental Sciences majors

Faculty: Carolyn Keogh

Credit hours: 4

Permission Required. For more information, contact Summer School - summerprograms@emory.edu
